I agree about BU regions. They've got their hands full with the typhoons, wildfire and Gold King. Thx, lw

No worries. I just didn't know if you'd heard.

I sent a note to Johanna and Dan asking them to check in with Bill R and/or Barb Benoy about going...I imagine I'll hear from them tomorrow morning. We could ask a b/u region to assist but I don't think it's that critical in terms of timing and I don't really want to do that yet (with all the other response work going on).

Hmm. He never sent me a reply or phone message. Sorry. I've checked schedules and there aren't any OSCs unless we want to ask Joni. But she doesn't have the expertise and she just went down to Durango.

Hi Steve,

So, we've identified a couple of people for this, but am waiting to hear back on when they can deploy (one OSC is currently on a response in Utah).

I'll be in touch as soon as I have deployment days (because of the Gold King Mine response and other response work these folks have been working, it may be Tuesday or Wed before they can get on the ground with FEMA).

More soon and thanks! Gina
